RENEWED PETITION UNDER 37 C.F.R. 1.181

Sir:

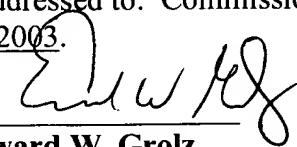

In response to the Decision on Petition under 37 C.F.R. 1.181 dated June 3, 2003 regarding the above-identified application, applicant respectfully requests reconsideration of the previously filed Petition together with the present submission.

Said Decision correctly sets forth the facts of the application leading up to the unavoidable abandonment thereof. Said Decision also indicates that the petitioner has not complied with the requirements set forth in section 711.03(C), which requires a copy of the docket record where the non-received Office communication would

CERTIFICATE OF MAILING UNDER 37 C.F.R. §1.8(a)

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, Alexandria, VA 22313-1450 on August 14, 2003.

Dated: August 14, 2003

Edward W. Grolz

have been entered had it been received and docketed for reply. As stated in the Decision, to establish a showing of non-receipt of the notification of Missing Requirements, a copy of the docket report would be required showing all replies docketed for a date of one month from the mail date of the non-received Office Action.

As was eventually found out, and as was set forth in applicant's original Petition and reiterated in the Decision on Petition, a Notification of Missing Requirements dated November 1, 1999 was not received by practitioner's office. Attached hereto as Exhibit A is a computer generated document from practitioner's computer-based docketing system identifying all matters in practitioner's office docketed for action for the date of December 1, 1999 (i.e. the date of one month from the mail date of the non-received Notification of Missing Requirements). As can be seen from a review of this document, the subject application does not appear thereon. Had the Notification of Missing Requirements been received, it would have had to initially passed through our docketing department and would have been entered into practitioner's computerized docketing system.

Attached hereto as Exhibit B is a copy of the subject application's specific docket record. As shown on page 2 of said Exhibit, no record was ever made of having received a Notification of Missing Requirements.

It is respectfully submitted that the attached Exhibits, in combination with the facts as set forth in the original Petition For Revival of an Application for Patent

Abandoned Unavoidably under 37 C.F.R. 1.137, meet the requirements set forth in section 711.03(c) of the MPEP for a showing of non-receipt of an Office Action.

Consequently, applicant respectfully requests that this Renewed Petition Under 37 C.F.R. 1.181 to revive the subject application for an unavoidable abandonment be granted.

Respectfully submitted,

Edward W. Grolz
